

Andrews Farm Community Preschool

Preschool Quality Improvement Plan (PQIP)

Children use increasing sophisticated language to connect and communicate

Goal 1

To improve children's ability to process and produce complex sentences describing and expressing their ideas to connect and communicate

Challenge of Practice

If we implement a consistent, whole-site approach to supporting children's conversations, then we will improve children's ability to process and produce complex sentences which describe and express their ideas

Children respond to sounds and patterns in speech and stories

Goal 2

To improve children's phonological awareness skills

Challenge of Practice

If we implement a consistent, whole-site approach to explicitly teaching and assessing phonological awareness through small group experiences children's phonological awareness skills will improve
