

Our Philosophy Statement

Andrews Farm Community Preschool is a fun place to learn and grow. We come together to connect, learn and grow every day on the traditional lands of the Kaurna people and we pay our respect and give gratitude to Elders past, present and future.

As educators we are guided by the principles, practices and learning outcomes of the Belonging, Being and Becoming Early Years Learning Framework and the National Quality Standard.

We work to create a safe and secure environment where we promote supportive learning and positive relationships. We believe in collaborative partnerships with families, children, educators and the wider community. We acknowledge and respect the rights, culture and differences of everyone.

Educators listen to and value the contribution of children, families and communities as we provide a challenging environment, enriched with diverse opportunities for learning, thinking and collaboration within a play-based curriculum which lead to quality educational outcomes for all children.

We acknowledge each child is unique in terms of their capabilities, dispositions and developmental readiness. They bring with them their diverse life experiences, knowledge and perspectives.

We aim for ongoing improvement through learning and reflective practice.
