

Assessment and Reporting

All children attending the Angle Vale Preschool have a portfolio, which may include samples of their work, photographs and learning stories. The portfolio remains at the centre whilst the child is in preschool, but will be taken home by the child upon completion

Various statements of learning and learning stories will be added to your child's portfolio throughout the year.

A summative report will be written by staff near the end of your child's pre-school year. Your permission is needed for it to be passed onto your child's school and ensure continuity of learning.

Please feel free to seek verbal feedback on your child's development and progress at any time, If we are busy, we will arrange a suitable time.
