

## Parent / Caregiver Participation

We encourage and welcome parent involvement in our centre. You are welcome to spend time with your child during the sessions. You can also assist us in a number of tasks, such as preparation of materials, cleaning duties, mending of books etc. We are keen for you to share an interest or skill with the children such as cooking, woodwork, gardening, music, sport etc.

## Governing Council

The Governing Council is made up of interested parents/caregivers who meet twice a term, at a nominated time to discuss centre related issues and to ensure the smooth running of the centre. The Governing Council works with staff on a range of issues such as facilities, resources, fundraising and service provision.

The Governing Council group always welcomes new members. We encourage you to join. Please see a staff member or one of the Governing Council for details.
