

SICK CHILDREN:

Please do not send sick children to kindergarten. If your child vomits or has diarrhoea in the morning before kindergarten or the previous night, please keep him/her home for 24 hours, even if s/he wants to come. This is not a decision for children to make, and it is unfair to other families to send a sick child to kindergarten. Also, we do not have the staff or facilities to give sick children the attention they need.
