

Elizabeth O'Grady Kindergarten Policies & Procedures

6 Charles Sturt Ave Grange SA 5022, 8356 8035

Facebook Policy

RATIONALE

"Social media can be a very effective tool for communication and relationship building with your community or stakeholders." (DECD Social Media guideline 2015)

At Elizabeth O'Grady Kindergarten we recognise the need to provide our community with a range of options for finding out what is happening at our kindergarten.

The educators at Elizabeth O'Grady Kindergarten recognise that we have a duty of care for the wellbeing of the children in our care. We need to be aware of our legal and ethical obligations before posting onto our Facebook page.

OBJECTIVES

By having a Facebook page, we aim to:

- Provide current families with another way to access information about events being held at kindergarten. Our Facebook page will not replace any current methods of communication.
- Provide the kindergarten with a fast way to contact families; i.e. if help is needed for an excursion, bringing boxes for making etc.
- Provide current and possible future families with a way to connect to information about the kindergarten so that they can get a feel for our culture; i.e. what we believe is important in early childhood development.

PROCEDURES

Contact:

- Families and community members will find a link to our Facebook page on our website: www.elizogradykgn.sa.edu.au.
- The address for our Facebook page is: www.facebook.com/elizabethogradykindergarten

Administration:

- The Governing Council recommended that the Facebook page be administered by the director in the first instance with two additional staff members to have full access as administrators.
- The administrators of the Facebook page will be the only people able to upload any content.
- Our current administrators are Kellie Holbrook, Kylie Stevens and Danielle Linke.
- To protect individuals and minimise the possibility of inappropriate material being linked to our Facebook page, administrators will not follow/friend from our kindergarten page.
- Administration will be reviewed annually.

Content:

- Content will include occasional photos (only where no individual children can be identified), coming events, reminders to families, notes about our program, health and safety information (where relevant) and policy information.
- Items that would normally appear in our weekly newsletter will be uploaded as an individual post.
- Occasionally the administrators may upload a link to reading that is in line with early childhood pedagogy guided by the principles of the Early Years Learning Framework. The administrators will monitor these links to ensure they continue to relate only to the subject matter that was originally posted.

- To minimise the possibility of inappropriate comments being made, the kindergarten staff along with the Governing Council decided to make our Facebook page a read only page with the expectation that individuals wishing to provide feedback or ask a question would contact the kindergarten directly via email or phone.
- Content will not include dates with a location of excursions.

Access:

- Governing Council decided that access to our Facebook page would not be restricted. This would
 - Enable easy access for all family members.
 - Lessen the workload for administrators who would not need to monitor requests for access and then begin a new access group each year when new children begin kindergarten.
