Service approval number: cs-0005764

Goals	Challenge of Practice	Success Criteria
Strengthen children’s emotional learning and development	If we increase our capacity and knowledge of self-regulation strategies and intentionally and purposefully incorporate these into our practice then we will strengthen children’s emotional learning and development.	Evidence for pedagogical documentation, educators’ reflections and observational data tools. <ul style="list-style-type: none">Children will be able to identify and express their emotions and needs.Children will demonstrate their developing understanding of the connection between their internal body feelings and emotions with support.Children will demonstrate their growing ability to use a range of appropriate strategies to self-regulate their emotions.

National Quality Framework Priorities	Key steps
Improve engagement with local school.	Develop relationship with new Principal. Reflect, review and discuss current and future transition processes Explore other ways to strengthen our partnership with the school
Enhance family engagement with the learning program.	Provide information to families regarding self-regulation and any curriculum and learning information.
Support families’ sense of belonging to our kindy community	Governing Council to investigate establishing a Facebook page as a way for families to connect outside of kindy.
