

Hallett Cove Preschool Food and Nutrition Policy

Rationale:

This preschool promotes safe, healthy eating habits in line with the *Right Bite Healthy Food and Drink Supply Strategy for South Australian Schools and Preschools* and relates to the DECD wellbeing strategy. It is in line with the National Quality Regulations for Early Childhood Education and Care.

We believe that early childhood is an important time for establishing lifelong, healthy eating habits and can benefit the children in three ways:

1. Short term: maximises growth, development, activity levels and good health.
2. Long term: minimises the risk of diet related diseases later in life.
3. Good nutrition contributes to good health and wellbeing and this is vital for positive engagement in learning activities.

Therefore:

- staff at this preschool model and encourage healthy eating behaviours
- food and drink are consumed in a safe, supportive environment for all children
- parents and caregivers are encouraged to supply healthy foods that fit within the *Right Bite* strategy for their children at preschool.
- Discourage Pre packaged food/snacks in line with our Sustainability policies and due to their high salt/sugar /fat content.

This food policy has been established after consultation with staff and parents within the preschool community.

Curriculum

Our preschool's food and nutrition curriculum:

- includes activities that provide children with knowledge, attitudes and skills to make positive healthy food choices and learn about the variety of foods available for good health
- includes opportunities for children to develop practical food skills like preparing & cooking healthy food
- integrates nutrition across the curriculum
- children develop an awareness of food safety, allergies and not sharing their food with others at Preschool.
- **The Learning environment**

Children at our preschool:

- have fresh, filtered tap water available at all times and are encouraged to drink water regularly through the day
- are encouraged to bring their own named drink bottle
- eat in a positive, social environment with staff who model healthy eating behaviours
- use the preschool vegetable garden to learn about and experience growing, harvesting and preparing nutritious foods

Our preschool:

- understands and promotes the importance of breakfast and regular meals for children
- teaches the importance of healthy meals and snacks as part of the curriculum
- is a breastfeeding friendly site

Foods Brought From Home:

Our preschool has the following guidelines for families for food brought from home:

FRUIT TIME :

Parents and carers are asked to supply fresh fruit and vegetables at fruit time to:

- Provide children with important minerals and vitamins
- Encourage a taste for healthy foods
- Encourage chewing which promotes oral muscle development
- **Please do not include chocolate, muesli bars, roll ups, packet chips etc.**

Fresh fruits, vegetables or a slice of cheese are recommended for fruit time . We understand that at times families may run out of fruit. A healthy sandwich with a savoury filling or plain biscuits is acceptable.

LUNCH TIME:

Parents are encouraged to follow the above guidelines

- A healthy lunch box might include a sandwich, fruit, yogurt, cut up vegetables etc.
- **Please do not include chocolate, muesli bars, roll ups, potato chips etc.**
- Please ask staff if you are unsure if your child's food is suitable

-Our centre will ensure a healthy food supply for preschool activities, celebrations and events, strictly limiting availability of high fat, high sugar, or processed foods like chips, pastries, cakes, lollies, crisps and soft drinks to no more than twice a term, in accordance with the Healthy Eating Guidelines.

-We will display nutrition information and promotional materials about healthy eating, and provide information updates in newsletters.

Food safety

Our preschool:

- is a Nut Free Site and will be proactive in supporting children with other food allergies.
- Promotes and teaches food safety to children as part of the curriculum
- Encourages staff to access training as appropriate to the *Healthy Eating Guidelines*
- Provides adequate hand washing facilities for everyone
- Promotes and encourages correct hand washing procedures with children.
- We cook healthy options with the children and supply recipes to families where possible

Food-related health support planning

Our preschool:

Liaise with families regarding appropriate foods for consumption while at Preschool.

Liaises with families to ensure a suitable food supply for children with health support plans that are related to food issues

Working with families, health services & industry

Our preschool:

- Invites parents and caregivers to be involved in the review of our whole of site food and nutrition policy
- Provides information from health professionals to families and caregivers on the *Healthy Eating Guidelines* through a variety of media such as:

- Newsletters
- Policy development/review
- Information on enrolment
- Pamphlet/Poster displays

-Promotes the alignment of fundraising with the *Rite Bite Strategy*

Note: If your child has a serious food allergy (eg. nuts), a separate policy for the duration of your child's involvement with the preschool will be developed and communicated to parents and staff.

We thank you for your support of this policy.
