

Enrolling and Settling-In

We encourage all families wishing to enrol their child to visit the Centre to enable a staff member to show you around and explain all functions, routines and policies. You will have the opportunity to ask any questions, and you are invited to spend time with your child in the Centre and to meet the staff before your child starts child-care or pre-school.

It will help your child and the staff if you share your child's special routines, comforters, food preferences etc. with us when enrolling. You must keep the Centre fully informed about your child's medical conditions including allergies, asthma etc. Any medical condition requires a Health Care Plan from your child's doctor outlining the appropriate management strategies.
