

Kangaroo Island Children's Services Inc

EXCURSIONS

Excursions and neighbourhood walks are an important part of providing experiences which extend the children's knowledge, interests and enjoyment.

Excursions are planned as part of a developmentally appropriate program. You will be asked to sign a general consent for both care and pre-school for us to take your child on local walks. Such outings may be arranged spontaneously. If you do not wish your child to participate in these excursions please indicate your wishes on the enrolment form.

Your written consent must be obtained on each occasion for all other excursions.
