Morphett Vale East Kindergarten Healthy Food Policy

Staff at this preschool aim to promote nutritional eating habits. We believe that early childhood is an important time for establishing lifelong, healthy eating habits and can benefit the children in three ways:

1. Short term: Maximises growth, development and activity whilst minimising illness
2. Long term: Minimises the risk of diet related diseases later in life e.g heart disease, strokes, some cancers and diabetes
3. Advice from speech pathologists and dentists indicates that children should be eating crunchy foods.

This food policy has been developed following SA Government guidelines with the Governing Council.
