

## **ALLERGY FRIENDLY KINDY**

We are an allergy friendly kindergarten and will have children attending kindergarten with your child that have severe food allergies - anaphylaxis. Coming into contact with trigger foods can be life threatening for these children.

In order to minimise the risk we ask that families do not provide any products containing nuts such as nutella, peanut butter or nut oil, whole egg products such as hardboiled eggs or omelettes. This also means that we are unable to accept donations of egg cartons for the gluing.

First Aid - All staff have undertaken training in the management of anaphylaxis and asthma.
