cil meeting—Tuesday 19th May 4pm at Kindy

CAFHS Visits

ct with Kylie the CAFHS Nurse and she has said that 4  
k visits will hopefully be in Term 3 at the Kindergarten.  
y if you would like some more information on this.

When you ask your child, “What did you do at school  
today?” and their answer is, “I played.” Please know this is  
what they are really telling you ...  
“I learned many new things and it was fun!!!!”

the things a child learns through PLAY...

LITERACY center, the child:  
ognize and identify the letters of the alphabet and their

ct and care for books  
est in words and books  
understanding of concepts about books and print

the child:  
unting  
ntify numbers  
number order and quantities  
erns  
shapes by their attributes

r, the child:  
ge and small muscle control  
e-hand coordination  
ial relationships and comparisons of sizes and shapes  
ves problems while working with other children

AY center, the child:  
ons  
lt roles  
pressive language  
blem solving skills like sharing and taking turns  
agination

he child:  
e-hand coordination and refines small muscle control  
per pencil grip  
ique ideas and feelings  
eir creativity  
pect the artistic expression of others

ter, the child:  
eir five senses  
a good observer  
and evaluates predictions  
assify  
llect data

of the fantastic things your child will learn this year in preschool!

Newsletter

Week 3 Term 2, 2020

How great it is to all be back at Kindy and  
feeling healthy and happy.

I want to thank you all for your understanding,  
support and kind words throughout the last  
few months.

We have been fortunate to receive some very  
thankful messages and appreciate your ability  
to move with the information we were provid-  
ing with understanding.

We are back to 100% attendance and have  
noticed a real excitement amongst the chil-  
dren to be back with their friends and back at  
Kindy.

We will continue to keep you up to date with  
any information we receive and will manage  
the ever changing situation as it happens.  
For the moment we will continue with the  
drop off and pick up procedure at the gate  
as the children have just adjusted to the  
change in routine and we are aware that  
changing it again so soon may not be best for  
all.

Please note though...if you require a chat with  
a staff member please do not hesitate to ar-  
range a time.

Holly

We recommend you have a look at the  
SA Health Facebook page for regular  
Covid-19 and health updates.

ge thankyou to the Crane family for coming in and finish-  
dirt patch and truck yard project. I put a call on Face-  
ffered to come in and level the area.  
ve and love the community support.

Before, during and after photos  
of the space.

Cooper and his Dad busy at  
work.

ve a working bee at the moment if you are able to come in and help in the gar-  
den on weekends please let us know.

What are learning dispositions and why are they

At Kindy we focus on learning dispositions because they are the fir-  
fective, life long learners.  
The dispositions we look at and promote through our curriculum are

- Curiosity
- Cooperation
- Confidence
- Creativity
- Commitment
- Enthusiasm
- Persistence
- Imagination

A child that can master these dispositions or “characteristic ways of  
more ready for the next steps when they get to school. Children ne-  
enced hard learning and failure to know how to reach successful  
feeling of pride in  
failing and then succeeding .

As we begin to move our Kindy program into Nature you will hear  
moments like this all the time where they may be 'bored' and have  
creativity or imagination to find something to do when we are in the

We ask you to start using these words when you see your child bei-  
as they will start recognising their skills and the learning it has taken

*'The outdoor play and learning environment  
needs to be an environment where inspiration  
and creativity can take root, where curiosity  
and spontaneity can be realised, and where  
risk and failures can be experienced.'* Nature Play SA

Occasional Care

A modified Occasional Care program will recommence  
be welcomed by our community.  
We have worked closely with our Education Director and  
Leader to create a risk assessment before reopening the  
assessment highlighted the need for a change in ratios a-  
der 2 children start back just yet.

Preschool Program

Please keep an eye out on Facebook for our fortnightly p-  
not coming into the building we have decided to post th-  
to see and we hope to also post photos of the program i-  
out the week.
