The National Quality Standard and Quality Improvement

The National Quality Standard is the standard against which providers self-assess the performance of their service/s in delivering quality education and care, and plan future improvements to their service/s. One result of this process is a Quality Improvement Plan (QIP).

The Education and Care Services National Regulations 2017 (the National Regulations) require approved providers to prepare a Quality Improvement Plan (regulation 55) for each service that:

- includes an assessment by the provider of the quality of the practices of the service against the National Quality Standard
- and the National Regulations; and
- identifies any areas that the provider considers may require improvement; and
- contains a statement of philosophy of the service.

The National Regulations do not prescribe a format for a Quality Improvement Plan. The purpose of this template is to offer a format that supports approved providers to meet their obligations under the National Regulations.

Approved providers also have an obligation (r56) to review and revise the Quality Improvement Plan at least annually, having regard to the National Quality Standard.

A Quality Improvement Plan must be reviewed and/or submitted to the Regulatory Authority on request. The National Regulations do not prescribe a format for a Quality Improvement Plan.

Approved providers also have an obligation (r56) to review and revise the Quality Improvement Plan at least annually, having regard to the National Quality Standard. A Quality Improvement Plan must be reviewed and/or submitted to the Regulatory Authority on request.

About the ACECQA Quality Improvement Plan template

The purpose of this template is to offer a planning format that supports approved providers to meet their obligations under the National Regulations.

This template provides quick links to helpful resources for each quality area in the [Guide to the National Framework](#) and the [ACECQA website](#).

Exceeding NQS themes guidance

The Exceeding NQS sections provided for each Standard should only be completed when there is evidence of one or more Exceeding NQS themes impacting on practice at the service.

When the QIP is submitted to the Regulatory Authority for assessment and rating, an authorised officer will consider how the evidence documented impacts on practice, to determine if the Exceeding NQS themes are being met.

Kangaroo Island Children's Services Philosophy

Enriching Life's Journey

Kangaroo Island Children's Services (KICS) has three sites; an integrated site at Kingscote that operates Long Day Care and Preschool, Kingscote Out of Hours School Care and Penneshaw Long Day Care. The Kangaroo Island Children's Services Statement of Philosophy has been developed in the context of Kangaroo Island's uniqueness as a community, characterised by close relationships, natural beauty and geographic isolation. At KICS we are committed to providing quality care and education. Both our Kingscote sites have been rated and assessed as Exceeding National Quality Standards, with our Penneshaw site yet to be assessed.

The Early Years Learning Framework for Australia, "Belonging, Being & Becoming" and My Time Our Place are our guiding curriculums. Our documentation reflects the five learning outcomes which are: children have a strong sense of identity; children are connected with and contribute to their world; children have a strong sense of wellbeing; children are confident and involved learners; and children are effective communicators.

Educators and Staff at Kangaroo Island Children's Services are inspired by principles of the Reggio Emilia philosophy. The Reggio Emilia approach is an innovative and inspiring approach to Early Childhood Education which values the child as strong, capable and resilient; rich with wonder and knowledge. Every child brings with them deep curiosity and potential and this innate curiosity drives their interest to understand their world and their place within it.

Through a play-based curriculum we support children in developing their learning dispositions of imagination, curiosity, confidence, persistence, resilience and concentration. We recognise the benefits of Nature Play and how closely it links to the Reggio approach. Together both these approaches encourage children to develop problem solving, self-regulation, resourcefulness, collaboration and the ability to self-assess risk.

We strive to create engaging learning experiences and believe that every child has the right to a beautiful, inspiring and inviting environment. We recognise every child as unique and encourage them to be creative, challenge them-selves and support them to take risks in their learning within the indoor and outdoor environments. We understand that every child has "One Hundred Languages and more" and we provide wonderful opportunities for children to access a diverse range of mediums to express their thoughts and ideas. The idea of supporting children to find their own strength is an important concept when working with children.

We value the children's voice and are responsive to their individual needs, interests, their prior knowledge and let their voice guide our learning journeys. We are influenced by Marte Meo which is a method that focuses on the importance of communication in the building of relationships and emotional connections. Feeling safe, secure and having a strong sense of belonging is our foundation to developing respectful and meaningful relationships with children and their families. Through true partnerships with parents and guardians we understand and support the culturally diverse needs of our Kangaroo Island families.

Quality Area 1: Educational program and practice

This quality area of the *National Quality Standard* focuses on ensuring that the educational program and practice is stimulating and engaging and enhances children’s learning and development. In school age care services, the program nurtures the development of life skills and complements children’s experiences, opportunities and relationships at school, at home and in the community.

Additional information and resources about Quality Area 1 are available in the [Guide to the National Quality Framework](#) and on the [ACECQA website](#).

Key improvements sought for Quality Area 1

Improvement Plan

Standard/element	Issue identified during self-assessment	What outcome or goal do we seek?	Priority (L/M/H)	How will we get this outcome? (Steps)	Success measure	By when?	Progress notes
1.1.1	Curriculum decisions contributes to the development outcomes in relation to children identity, connection with community, wellbeing, confidence as learners and effectiveness as communicators.	That decision are based on children's development, inclusion, strengths and interests. That every child has documentation that states their goals and achievements and that professional language reflects My Time Our Place.		Every child will have a sharing folder where their documentation will be kept. Floor books will be used to show learning through inquiry. The walls will be our program. ILP's will document a child's goals, achievements, voice, parents voice-ongoing progress will be documented.	Learning is visible in the environment and in ILP's. Children's learning and progress is documented.	Implement ed by end of term 2	
1.2.2	Educators to respond and scaffold on children's ideas and play	Higher levels of Educator engagement and children being stretched and challenged.		Long term inquiry to engage the children in a project over time. Continuity in Educators will support children's sense of belonging and understanding of rules and routines.	Mentoring from Gowrie around inquiry approach, leadership and documenting children's learning in an OSHC setting.	Term 2-3	
1.2.3	Children have the responsibility to make choices and decisions that influence each other and their community	Children continue to connect with their community in meaningful and purposeful ways. They have the responsibility to create a democratic environment that empowers them to make respectful decisions for their learning space.		Children will be given strategies that support respectful communication and strategies. 100 languages expressed in the community would encourage a sense of pride about the learning they do at OSHC.

Quality Improvement Plan for Quality Area 4

Summary of strengths for Quality Area 4

Strengths

- Staff members are respectful, supportive and show care for each other.
- Support individual children. Inclusions Support (IS) and Parenting KI (PKI) funding is used to support children when needed. Staffing decisions and arrangement reflect this. Time for critical reflection with management, administration and programming are supported by KICS to support children, Educators and families. Through discussion around the QIP and KICS philosophy Educators are developing their understanding of the Reggio approach within an OSHC setting. Through consistent and regular curriculum meetings, staff meetings and P&D's support is given to Educators to reach their goals that guide best practise.

Key improvements sought for Quality Area 7

Improvement Plan

Standard/ element	Issue identified during self- assessment	What outcome or goal do we seek?	Priority (L/M/H)	How will we get this outcome? (Steps)	Success measure	By when?	Progress notes
7.2.1	That there are effective strategies in place that Educators follow to ensure critical reflection and improvement is documented.	Quality improvement is documented consistently and over time.		Time is put aside in programming and admin time to ensure the QIP and SIP are referred to. That self assessment is embedded and documented.	Progress over time is evident through documentation.	By term 4	
7.2.3	With potential change in staffing, provide time for handovers and sharing of knowledge.	That Educators working in OSHC all have consistent understanding of roles, responsibilities and expectations.		Processes are developed, shared and embedded to provide continuity. Follow KICS induction policy.	Smooth transition when there is a change in staffing.
