

Pockets

Each child has a mailing pocket into which newsletters, excursion notes, Child & Family Health notices, receipts etc are placed.

Please check these daily/weekly.

Newsletter

To keep you informed about Kindergarten and Rural Care events and experiences, a newsletter is prepared on a regular basis and placed in your child's named pocket. Newsletters form a very important part of communication within the Kindergarten

Notice Board

A 'Notices of Interest' board is located in the Children's bag area, a parent information centre and a whiteboard is mounted on the back wall of the Kindergarten. These have essential and interesting news items relating to services, happenings, reminders, rosters and developments within the community. We ask you to read them regularly.
