

### **How we plan for your child's learning**

Children are at the centre of all that we do at Whyalla Stuart Early Childhood Centre. We pride ourselves in providing a quality, engaging, play based learning environment based on children's and family voice and professional observations. Staff use the Early Years Learning Framework "Belonging, Being and Becoming" as a basis for the programming for children's learning. A variety of information is collected on each child including observations, work samples, photos, family sharing and children's voice documentation. This information informs the planning process and is recorded in the Planning Book. Please feel free to look through this book at any time and we would love you to contribute to it as well, with ideas or comments.
