

Our Philosophy

At Win a Newby we believe all children are capable and competent individuals who all have the right to contribute and achieve success in their own learning.

Therefore we will:

- Provide safe, secure environments that fosters a sense of belonging and enables children to establish trusting relationships and be supported to learn
- Use the environment as the third teacher where educators and children co-construct learning and play experiences where they can explore, discover, inquire, imagine, create, challenge, wonder and take risks together
- Acknowledge and build on the range of experiences that children already have with their literacy and numeracy

We know that families are children's first educators and we value the importance of working in partnership with families and our community. We strive to be culturally aware, inclusive and value how diverse our families in our kindergarten community are.

Therefore we will:

- respect each families nature, culture and home language
- Develop multiple strategies to engage families in meaningful ways that underpin everyone's sense of belonging, being and becoming
- Develop respectful relationships and value the families' voice to strengthen the connections between families and our community.
